WORK EXPERIENCE

Manager

New Time | 2019 - Present

- Supervised +30 employees including cashiers, chefs and waiters.
- Controlled costs and optimized spending via restructuring of budgets for labor, capital assets, inventory purchasing and technology upgrades.
- Managed monthly payroll and employee vacations.
- Compiled data highlighting key metrics to report information, determine trends and identify methods for improving store results.

PROFESSIONAL EXPERIENCE

Web App Development

"Videogames App" | Oct 2021

- Designed and developed a single web application using RAWG Video Games Database API.
- The app consists of a landing page, a home page where each video game is rendered and a section where the user can create his own game.
- The user can also filter each game by genre and origin, and sort them alphabetically and by rating.

EDUCATION

Seton Hall University

BS Finance | 2015 - 2019

HENRY

Full Stack Web Developer Bootcamp | 2021 - Present

Acamica

Data Science Certificate | 2020
